

AUTUMN 2 2024

In maths we have been looking at the 3, 6 and 9 times tables and how they relate to each other. We then used this knowledge to help us solve word problems.

We have been writing moral stories, inspired by Amazing Grace. We explored how characters' choices teach important morals, like believing in yourself and persevering through challenges.

In geography we have been looking at the different biomes around the world. We discussed how the animals and their habitats are being affected by climate change.

We have been learning about the 3 states of matter: solids, liquids, and gases. We discovered that matter can change from one state to another when heated or cooled.

We ended Autumn 2 with a Polar Express day. We wrote character descriptions, made predictions about what would happen next, watched and then reviewed the film. We were so comfy wearing our pj's and drinking hot hot hot chocolate!

Y4 NIGHTINGALES
