

# AUTUMN 2 2024

In maths we have been exploring odd and even numbers, sorting representations in to two groups.

We are becoming more confident, using our Fred Fingers to spell when writing words and simple sentences.

We have been exploring the story 'The Elves and the Shoemaker'. We familiarised ourselves with the text through role play before describing the characters.

In DT we have spent time exploring what a structure is. We have designed and created our own workbenches and elf workshops!

In history we have enjoyed making comparisons between toys using our knowledge of materials and how things have changes over time.
