

SPRING 1 2025

Maths

In maths we have been learning all about the composition of numbers and comparing amounts to see who has more and who has fewer.

Writing

We have been applying out phonic knowledge into writing words and short captions.

Reading

We have read lots of stories that helped us learn about The North Pole and The South Pole. We have really enjoyed some traditional tales stories including The Three Little Pigs and Goldilocks and the Three Bears.

Fabulous Food

We made and tasted porridge that was 'just right' just like in the story of Goldilocks and the Three Bears

Festivals and Celebrations

We enjoyed learning all about the Lunar New Year. This year it was the year of the snake. We made lanterns and tasted some Chinese noodles and prawn crackers. We all thought they tasted 'yummy'!
