

# AUTUMN 2 2024

## Mathematics

We have been learning about number one and number two. And how to create a repeating pattern.

## Communication and Language

We have been working on developing our ability to talk in full sentences and to listen for longer periods of time.

## Personal, Social and Emotional Development

We are developing our social skills, learning to work together as a team.

## Physical Development

We have been enjoying dough disco to help our fingers get stronger and developing our skills throwing and catching balls outside.

## Understanding the World

We have been learning about; bonfire night, firefighters, Diwali owls and the jobs people do in our school. We also learned about Children in Need and the important work the charity does.
