

AUTUMN 2 2024

In DT, we have explored freestanding structures and used inspiration to create our own marble runs.

We have enjoyed creating artwork based on stories to represent the learning muscle, 'Be Curious.'

We have continued to practise our handwriting daily to develop a fluent, joined style.

We have explored drama techniques, such as freeze-framing and role play, to help us understand characters and themes in quest stories.

We continue to develop our love of and enthusiasm for reading through the range of exciting books we read in lessons and through Accelerated Reader.
