

# AUTUMN 2 2024

In history, we learned all about what makes a hero and enjoyed a Now Press Play to deepen our understanding.

In English, we are becoming experts at adding commas in a list to make our sentences more interesting.

In DT, we practised making a moving mechanism in lessons before designing our own sleigh on wheels.

We have been learning all about living things and their habitats. We had such fun making and placing bird feeders!

We have loved trying some different fruits on Fruity Fridays!

The raspberries have been our favourite.
