

# SPRING 2 2025

**Maths**

In maths we have been consolidating our learning of composition of numbers and we learnt a new song to help us understand doubles to 10. We have also been learning all about odd and even numbers.

**Writing**

In Drawing Club we have been using our phonics to write word to label our drawings. We have also been having daily letter formation practise to improve our handwriting.

**Reading**

This term we have continued to read lots of traditional tales including The Three Billy Goats Gruff, Little Red Riding Hood and Jack and the Beanstalk. In our story area we have been role-playing the characters from these stories and retelling them to each other. We have also read a story about a red hen called Rosie who goes for a walk and is followed by a fox. We loved this story and got to make our own setting using some props outside.

**Understanding the World**

We were extremely excited to have a visit from Rachel and her baby animals from the Purple Pig Company. We loved the big furry rabbits most of all!

**Festivals & Celebrations**

We have taken part in lots of celebrations this term. We had fun dressing up on Red Nose Day and we all made Easter bonnets with our adults at home. We then took part in an Easter Bonnet Parade for our grown ups.
