

SPRING 1 2025

13.01.2025 HOOK Flat Stanley

We had the most amazing time in our BalletLORENT workshop.

In our writing lessons, we have looked at Flat Stanley. We were very surprised when he was posted to us at the start of our unit so we decided to take him on a tour of Oldfleet!

We were very lucky to receive a visit from Mary Murdoch as part of our History work. It was brilliant to see all of the artefacts that she brought.

In computing, we have looked at presenting data and information. We especially loved creating branch databases.

This half term we held our exhibition all about Mary Murdoch and the suffragettes. We have loved discovering all about Hull's first female doctor!
