

# AUTUMN 2 2024

In maths, we have delved deep into the world of fractions! We really impressed our parents and carers.

We have used portals to help us write creatively about settings, characters, quests and suspense.

We are continuing to read 'The London Eye Mystery' by Siobhan Dowd.

The main character is trying to find their cousin who mysteriously vanishes.

In history, we've learnt about the Maya civilisation. We shared our new knowledge with parents

We were so excited to receive our leavers hoodies.

Don't we look very smart!
