

AUTUMN 2 2024

old lady
old man with a telescope
a boy
a little girl
a black cat
Plop the baby owl
mummy owl
daddy owl

Maths

We have been learning all about the composition of numbers up to five.

Communication and Language

In our Literacy lessons we have been talking about story settings and characters. We recalled all the characters from our class story.

Personal, Social and Emotional Development

We have been working collaboratively sharing our ideas and have begun to develop our Jurassic World area in the outdoor garden.

Physical Development

We have been using our own ideas to develop our gross motor skills and correcting our balance with the wooden blocks and planks.

Understanding of the World

We have been learning about lots of different celebrations including bonfire night, Diwali and Children in Need. We have also been learning all about nocturnal and diurnal animals. We discovered that owls are nocturnal because they come out at nighttime
