

5th Edition - 24th May - Summer Term

OLDFLEET PRIMARY SCHOOL NEWSLETTER

Dear Parents and Carers,

It has been another busy half term at Oldfleet. The Year 6 children showed great focus and determination to deliver their best in the SATs - we are all very proud of their resilience and positive attitude to do their very best! Year 5 have performed their Triple Trawler extravaganza and Badgers class have been on a visit to learn more about this (Foxes are excited for their turn in July). Year 2 shared their Great Fire of London work with their parents which included amazing art work and singing. We had a successful choir singing in the Hull Music Festival where they finished in 3rd place. Year 5/6 have enjoyed football club where they have worked amazingly as a team - Mr Allen has been very impressed with their attitude. KS2 children have been dedicated in perfecting their performance ready for Gotta Dance at the end of June, it is looking fabulous! The semi final of the Thrive Spelling Bee was a nail biting event and our Year 6 pupils finished in 4th place - well done!

In school, on time, every day!

There was a lovely buzz during our attendance stay and play, it was fantastic to celebrate the children's improved attendance. It has been a difficult term for attendance, there has been lots of illness. Remember to call school before 9am to inform school of your child's absence. We will administer medication and Calpol if needed to make sure your child is *in school, on time, every day!*

There has been an increase in families taking term time holidays. We strongly advise against this and they will not be authorised. You will be aware of the detrimental impact on progress and learning that the absence creates for your child.

Please be aware holidays of more than 10 sessions could incur a fine of £60 per parent.

School Nurse

We are delighted to welcome Sam Stones our new School Nurse to our team. Sam will be in school every Monday and Friday. On a Friday she will be at the Coffee and a Catch up weekly Fareshare event.

Sam is able to offer a whole range of support for your children including bedtime routines, bed wetting, weight and height checks and supporting with any other health needs which your child may have. Sam is very friendly and can be reached either through the school office or via her work mobile.

Nature Park Grant

We have been successful in obtaining a grant for £10,000 to improve our outdoor spaces by turning grey spaces into green. We are working with our newly formed Gardening Gang to collect the children's ideas.

Watch this space for when we invite parents into school for gardening events!

National Education
Nature Park and
Climate Action Awards

And finally ...

You may recognise some of the faces in this team of elite athletes. On Sunday 9th June we have a team of staff participating in the Hull 10k. We are raising money for the Hull Children's University who support us to organise exciting visits and opportunities for our children.

We would appreciate a cheer on the day as we run around the city centre. Please do come along and give us a cheer if you are available on the day! The race starts at 9:30am.

HULL 10K

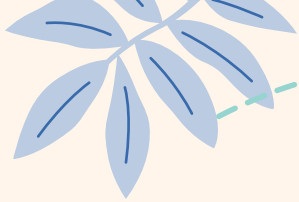

09.06.24
